

To the Honorable the Senate and House of Representatives  
of the United States.

The undersigned publisher Artists  
and others interested in the subject of Copyrights and  
Citizens of the United States, respectfully and earnestly  
remonstrate against the passage by Congress of  
any law removing from the several districts to  
Washington, the offices for entering and recording  
the titles of books prints &c and issuing certificates  
of Copyright.

Such removal would be a very great  
injury to all persons desiring to secure such right,  
and by reason of the delay and additional trouble  
and expense involved in the change, a practical  
denial of it to a large proportion of them.
